For the past three years, the Emperor's Hammer Strike Fleet has participated in a War Games named "Imperial Storm." During Imperial Storm, the Strike Fleet splits apart its Three Imperial-Class Star Destroyers into separate fleets who must "fight" the other Star Destroyers fleets in a struggle for numerous planets.

Planets in the Imperial Storm include G'Rho itself, among 9 others, for more information see the picture below.

*The official IS4 battle map, including all planets taking part in the events.*

Excitingly, The G'Rho Watchman has been invited to accompany the ISD "Warrior" during the events. The events will last 30 days and they will begin on April 8th. Stay tuned for reports from our reporter on the scenes, DeSean Mclaullis.

Earlier today the Fleet met at Zaadja Station to discuss event terms. Leading the event is Vice Admiral Phoenix Berkana. In the past, the ISD Warrior has won twice, the ISD Challenge has won once and the ISD Hammer has yet to win any Imperial Storms.

The hats are truly up in the air with this one, it's really anyone's game here and things have only just started, tensions are rising and by some accounts, there have already been brawls in the Zaadja Station Cantina between the ISDs Crews.

Stay tuned for more.
